DRIVER REQUIREMENTS

To be eligible to lease a Peugeot or Citroen, regardless of your nationality, you must have your normal residence outside the European Union, be visiting the EU for fewer than 185 days in a 12-month period, and not be undertaking any form of employment during your stay.

Drivers must be over 18 years of age (no maximum age limit applies) and hold a valid driving licence recognised in the European Union. If you hold a full New Zealand driver's licence, an international driver's licence (in conjunction with your New Zealand licence) is recommended (compulsory in Italy and some Eastern European countries).

The leased vehicle may be driven only by the holder of the contract or his/her Partner (i.e. spouse or legal co-habitant), direct descendants or ascendants, if they qualify for the scheme and hold valid driving licences (as noted previously).

Direct ascendants/descendants may only drive the vehicle locally and cannot drive across country borders without the Contract Holder.

The spouse/legal co-habitant can cross country borders, even if the Contract Holder is not in the vehicle.

Other drivers (not descendants/ascendants/spouse/legal co-habitant) can only drive the vehicle if they meet the same Eligibility conditions as the Contract Holder and the Contract Holder is inside the vehicle and unable to drive due to an emergency or exceptional circumstances.

HOW TO BOOK

In order to request a vehicle please visit peugeoteurolease.co.nz or citroeneuropass.co.nz and complete a booking form. A clear copy of your signed passport and a \$350 non-refundable deposit are also required. If you are booking within 28 days of collection a higher deposit may be needed, plus the balance of payment and your tax-free contract must be completed within 24 hours of confirmation.

Availability of the most popular models (including all automatic vehicles) can be limited. Therefore, we recommend you book your Peugeot EuroLease or Citroen EuroPass as early as possible, to avoid disappointment.
